Pasteur Colloquium-Senior

Title: Anti-tuberculosis drug discovery targeting transcription

[Speaker] Richard H. Ebright

Professor,
Waskman Institute of Microbiology,
Rutgers University, NJ, USA

[Time] 10:00-11:30AM, October 14th, 2016

[Host] Prof. Hong Tang

[Venue] A0201 ,Life Science Research Building

Ebright's research focuses on the structure, mechanism, and regulation of bacterial transcription complexes, and on the development of inhibitors of bacterial transcription as antibacterial therapeutic agents. Ebright is Member of American Academy of Arts and Sciences.
