## Pasteur Colloquium-Senior

### Title: Regulatory circuits in the innate immune system

[Speaker] Bryan Williams

Chair

Department of Molecular and Translational Science  
Monash University, Melbourne, Australia

[Time] 10:00-11:30AM, Sept. 8th, 2016

[Host] Prof. Hong Tang & Guangxun Meng

[Venue] A0201 ,Life Science Research Building

Professor Williams has a distinguished research career in the areas of innate immunity, and cancer biology and genetics. He has made major contributions to our understanding of the antiviral mechanisms of actions of interferons, advancing their therapeutic utility, and in paediatric cancers.
